A professional health and safety officer with extensive knowledge and 20 years working experience in workplace health and safety. Able to monitor and review policies to protect the health and safety of employees as well as the environment, to carry out risk assessments and reports and to assure compliance with the HS&E standards. A committed H&S Advisor with a proven track record of improving working environments and preventing accidents and injuries at work by driving a H&S culture through the business and by delivering continuous health and safety training for staff. A strong influencer and excellent communicator, happy to liaise with people at all levels including other health and safety professionals, external contractors, senior management and general staff to always ensure safe construction sites and premises. Now looking for a new challenge with a dynamic company to develop existing skills.

KEY SKILLS

- Knowledge of health, safety and environment legislation
- Experience in implementing, monitoring and reviewing HS&E policies and procedures
